

DaVinci Tower by Pagani

Dubai, UAE

25.2653471, 55.2924914

Dar Al Arkan Pagani Tower is a residential building in Downtown Dubai featuring interiors designed by Pagani. Every detail is crafted to obsession, every material is of finest quality, every line is designed with taste and harmony, resulting in the unique experience of inhabiting a masterpiece. A true homage to Leonardo DaVinci, the ultimate source of inspiration of super automaker Horacio Pagani.

LOCATED AT THE CORE OF CONTEMPORARY

Located in J One Tower B, directly by the Dubai Canal, Dar Al Arkan Pagani Tower overlooks Burj Khalifa, the world's tallest building and is a stone throw away from Marasi Business Bay. A prime location filled with a unique mix of aesthetic residential and commercial towers, attracting the most affluent people from around the world, the area is home to the most prominent operas, exhibitions, fashion shows, and art galleries.

A TOWER THAT DEFIES THE NORMS

The avantgarde design concept is brought to life through an instability of lines, a strong uneven approach, transparency, and hidden balances. At the top rests one of the most incredible geometric spheres, seemingly defying gravity. The tower is a true geometric symphony of perfection, comprised of 3 basement levels, a ground floor, and, 19 floors of residential masterpieces.
